All Zero Tolerance knives are proudly built in our Tualatin, Oregon USA manufacturing facility by our most skilled workers. Using only premium materials, they work to ZT's high-performance standards, ensuring each part of every ZT is built with precision and care. The operation of your ZT is conspicuously smooth and fit-and-finish is second to none. Each one is confidently backed by our Limited Lifetime Warranty.

We produce over one million Zero Tolerance and Kershaw knives each year in our state-of-the-art facility. We ship hundreds of thousands of units to authorized dealers throughout the US. We employ over 300 local people and have local partnerships with companies employing hundreds more. We are committed to quality, to community, and to ZT owners everywhere.

**NEW**

**0230**

MSRP \$225.00 UPC BOX 087171057057

Minimalist design meets maximum performance in the new 0230 from ZT and Danish designer Jens Ansø.

This slipjoint features a double-detent system: two steel detent balls, one on each side of the blade. These hold the blade safely closed for carrying. Then, for controlled open and close, the 0230 also has a half-open position.

The blue anodized aluminum backspacer has an integrated lanyard attachment. And instead of a logo on the blade, we put our name on the spine. Combine that with a 20CV sheepfoot blade and ultra lightweight carbon fiber handle for a simple, yet extraordinary knife.

ZT Originals

For those who prefer their knives on the larger side, we created the new 0308.

The 0308 offers a beefy 3.75-inch blade of premium CPM 20CV. The handle features coyote tan G10 on the front scale with a titanium back. Both front and back are heavily 3D machined for an ultra-secure grip. The .25-inch solid pivot features a custom nut that enables it to be adjusted in the field with a .5-inch wrench.

The 0308 opens with ZT's KVT ball-bearing system and is secured with a sturdy frame lock. The pocketclip is right/left reversible and the handle hole pattern is compatible with many after-market clips. When you want a big knife, this is the one to get your hands on.

# 0223

MSRP \$375.00 UPC BOX 087171054971

Designed by Tim Galyean, the 0223 takes its inspiration from a classic military knife.

A clip-point blade of CPM 20CV steel offers exceptional hardness and wear resistance. Black DLC coating gives it a non-glare finish. The titanium handle has a frame lock for reliable lockup. The 0223 opens with ZT's KVT ball-bearing system. Earth brown G10 handle scales echo the original military knife's stacked leather handle.

A bronze-anodized titanium tube spacer and decorative holes drilled in the blade ricasso add to the subtle details of this handsome knife.

# 0640

MSRP \$310.00 UPC BOX 087171053844

This ZT-Ernest Emerson collaboration provides both practicality and style.

The clip-point blade is CPM 20CV high-chromium stainless steel. This powdered metallurgy tool steel has a high volume of vanadium carbides for exceptional wear resistance and a truly long-lasting edge. The highest level of chromium of any high-vanadium steel gives it excellent corrosion resistance as well.

The handle is titanium with a green carbon fiber overlay on both sides of the handle.

This fully manual knife opens one-handed with a thumb disk.

0022

MSRP \$250.00 UPC BOX 087171053851

From ZT and Tim Galyean, the 0022 is the most compact ZT ever. But this mini is mighty.

The 1.8-inch clip-point blade is ready, willing, and able to take on just about any task you ask of it. Deep finger grooves in the handle ensure you always have a secure grip.

For good looks and reduced weight, the 0022 has a carbon fiber front scale. The titanium trim ring around the pivot and the tube spacer have been anodized in a light blue that looks great against the carbon fiber.

This smaller knife almost disappears in your pocket, making it an exceptionally easy-to-carry option for EDC or back up.

# 0460

MSRP \$245.00 UPC BOX 087171048680

The 0460 offers a little more handle curve, a little more carbon fiber, a little more Sinkevich.

Based on the Polychotky Jr., the 0460's carbon-fiber-and-titanium handle has a pronounced ergonomic curve to fit into the hollow of the hand neatly. The front scale is carbon fiber with a bronze weave. For dimensionality and grip, we partially 3D machined the handle.

The premium S35VN blade steel resists chipping and offers excellent wear resistance. For sharp looks, ZT gave the blade a two-tone finish: stonewashed on the flats and satin on the grinds.

## LIMITED LIFETIME WARRANTY

Zero Tolerance knives from Kai USA Ltd. carry a limited warranty for the lifetime of the original owner, except when stated otherwise. We guarantee our knives against manufacturing defects in material and construction and to perform as advertised when properly used and maintained. The Limited Lifetime Warranty is non-transferable and does not extend to normal signs of wear, rust, damage or breakage due to improper use, improper maintenance, accidents, loss, or theft. This warranty is void on products that have been modified in any way. Any product we determine to be defective will be repaired or replaced solely at our discretion. To receive warranty repair or replacement, the owner must send the product to be evaluated by Kai USA Warranty Services in our Tualatin, Oregon headquarters. In addition to the provisions of this warranty, the owner may also have other rights that can vary by state. No other warranties are implied or expressed other than what is specifically stated here. Kai USA Ltd. reserves the right to determine what constitutes normal wear, improper use/maintenance, and modification.

If you accidentally break your ZT folder's blade, we can replace it for just \$30, pending material availability. Blades that break due to a manufacturing defect will still be replaced under warranty, free of charge. Blades marked "XXXX" are factory seconds and are not eligible for replacement.

## LIABILITY DISCLAIMER & WARNING

Zero Tolerance knives are intended and sold for legitimate everyday carrying, sporting, and professional purposes only. The purchase, use, and ownership of knives are subject to a wide variety of federal, state, and local laws and regulations. Always comply with all laws and regulations in effect in your area. Due to the complexity and constantly changing nature of these laws and regulations, it is the responsibility of the buyer to investigate and comply with the laws and regulations that apply in his or her specific area. You, and not Kai USA Ltd., are solely responsible for any claims resulting from violation of these laws and/or regulations.

Knives are extremely sharp tools and should only be used or handled with the utmost care and caution. Any use other than cutting (such as prying or twisting) is considered misuse and abuse—and will void your warranty. Zero Tolerance knives/Kai USA Ltd. is not responsible for any injuries resulting from misuse or abuse of the product.

Do not use any ZT knife as a throwing knife or a stabbing device. Throwing knives and knives developed for stabbing have a distinctly different design and function. ZT knives are not intended for throwing or stabbing; they are designed for cutting purposes only.

We reserve the right to change shipping terms, specifications, materials, discontinue products, adjust blade replacement price and availability at any time, without notice.

## ZT REPLACEMENT PARTS

In addition to a selection of free replacement parts, you can get replacements for other ZT parts as well. However, these premium ZT parts are more costly to manufacture, so we charge a small fee. Please check our website for details on the parts currently available.

# STEEL CHART

## CRUCIBLE CPM 20CV

This powdered metallurgy tool steel has a high volume of vanadium carbides for exceptional wear resistance and a long-lasting edge. The highest level of chromium of any high-vanadium steel gives it excellent corrosion resistance and polishability as well.

## CRUCIBLE CPM S30V

All-around premium knife steel that takes and holds an edge extremely well; also extremely tough and wear resistant.

## CRUCIBLE CPM S35VN

A stainless steel that offers enhanced toughness over S30V without loss of wear resistance. In knife blades, S35VN resists edge chipping and provides excellent edge retention.
